Beliefs:

The Mind of Christ progressively released from within due to our DNA being quickened

D Beliefs - In Him we move and live and have our being; His nature is merciful & redemptive, therefore not vindictive because He is Love. He is a Consuming Fire. A revelation that the devil has been destroyed by Christ 2000 years ago; God rules in the affairs of mankind and is never taken by surprise. God is one Lord (not three). Grace replaces law fully. The word of God is what He speaks to you; Throne authority is witnessed; we are the Book of Life; 'unity' has lost all uniformity; He is our life and thinking for He is the King of us kings and Lord of us lords.

C Beliefs - Progressive Revelation of God Himself — A KNOWING HIM RATHER THAN ABOUT HIM. It is here that God Himself causes the natural "A" beliefs (below) to be transformed into spiritual reality. A ministry with a higher calling and revelation (sometimes with some 'A' and 'B' beliefs hanging on); The overall revelation that God's works out His plan in and through us. Moving in the 'unstructured Church' setting; the Spirit of God is your covering; what you believe is less important than knowing Him. A transition to the Throne in the Holy of Holies.

B Beliefs - Having received the downpayment of one's inheritance . . . the Spirit of God is released from within us to achieve His great unfailing plans of bringing us into His image and likeness. From this level one tends to ADD the supernatural to some of the earlier natural "A" beliefs. The resulting 'mixture' can cause much grief. Moving mostly in the 'structured Church' setting (where all the members believe in the same newer way); where the 5-fold ministry is one's covering; most of God's plans to happen in the future.

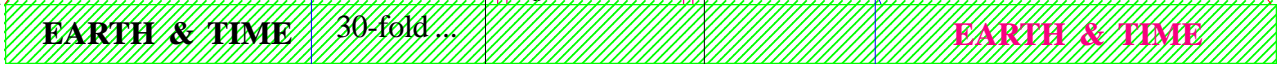

A Beliefs: essential salvation thru Jesus Christ; 'letter-word' understanding with a literal heaven and a literal earth along with an unending hell; rituals and seasonal celebrations are all important; a 3in1 concept of God with Jesus coming soon; a devil to fight; works and actions to get God's attention; the Bible being your altar; salvation for the elite and torment for the unbeliever; a physical rapture; encouraged to belong (at least attend) a structured Church where all believe the same doctrine and support it with tithing etc. (not always!); summarizing, all of God's actions will take place 'out there' someplace.

Beliefs:

ETERNITY before time from our perspective

ETERNITY after time from our perspective

60-fold ... Passover Perspective
the letter-word that affects me

100-fold ... Pentecost Perspective
mixture of spirit-word and letter-word

Tabernacles Perspective
the spirit word by revelation

God desires for us to see from His perspective

This possible outline in no way attacks the sincerity of God's precious people wherever they are in Him by experience . . . but it definitely adds a challenge for the 'hungry-for-more-of-God' folks!

30+60+100=190-fold BEING IN GOD where lies THE WHOLE PURPOSE & ACHIEVEMENT OF GOD for all men

A progressive revelation of Almighty God Himself, our Father . . . His Name (nature) — His Love — His Sovereignty — His Majesty — His Glory — His power to achieve etc.
